

# EASTER AT MATINHA

07 - 09 APRIL 2023

*Herdade da Matinha is located in Cercal do Alentejo, 15 kilometers from the beaches. Close to everything, far from everything. We travel to a time when only the simple things mattered: the rhythm of the seasons, the respect for animals, community life. Every day we try to be closer to this ideal.*

*Supported by the building blocks of our dreams, we invite you to join us in April. Celebrating Easter with us and the beginning of the long awaited spring season. It feels good to be outside.*

# EASTER AT MATINHA

From the spring equinox, a strange phenomenon happens: the dream starts to be projected in daylight, and is seen live and in color. You don't have to close your eyes to imagine. Just look around. It's all here.

Easter, like Spring, brings us rebirth, renewal. We couldn't have a better scenario. It's beautiful to watch the flowers bloom and a new season starting.

We leave the little ones entertained with the egg hunt and breath in the fresh air of Alentejo. The sun is already promising the warmth of longer days. Delicious food on the table invites us for hours and hours of conversation, while anyone who wants to stretch their legs has so many possibilities of secret garden areas, beautiful trees and little corners to rest quietly.

## PROGRAM

These are the days of family tradition, in which we celebrate over and over again around the table, in the communion of a shared meal. It is one of the most important rituals at Matinha. Sunday lunch will be a buffet, so that the conversation can continue all the way through the afternoon. There's no rush.

For those who are too lazy to hit the road right away and stay for lunch, we offer late check-out (subject to availability and confirmation on the same day).

### FRIDAY - 07/04

## LET'S HEAR TREES MURMURING AND THE BIRDS SINGING

### YOGA CLASS | from 20,00 € per person

At Herdade da Matinha there is also space for the needs of the soul. With the mountains as a background and well-being as a starting point, the invitation to connect the body and mind is clear and, for that, there is nothing better than Yoga.

### RELAXING MASSAGE | 80,00 € per person

PAZ Wellness was the name chosen for Matinha's wellness space, and it was no coincidence. Surrounded by silence and nature, there is space to return to our inner peace. Massages, treatments and therapies are available (advance reservation required).

### HORSE RIDE | 48,00 € per person OR Horse carriage ride (up to 4 people) - € 136,00

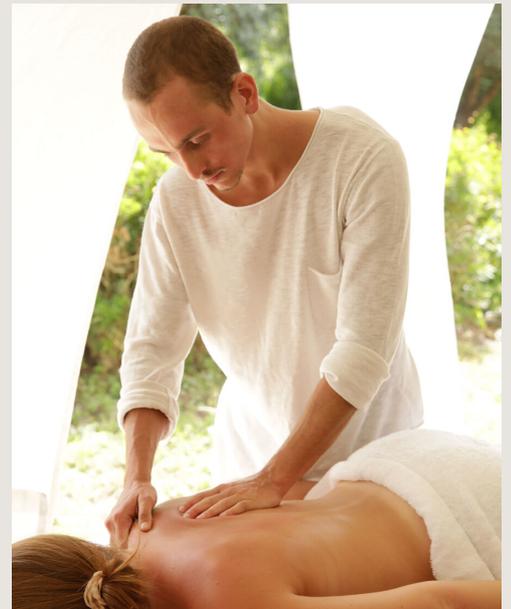

The love story between Herdade da Matinha and the animals is ancient. The horses are currently free to rest on the property and we choose to have professional and passionate partners to provide these experiences in the region, outside the property.

### FAMILY WALK AROUND MATINHA

Matinha is part of Rota Vicentina, a network of walking trails in the southwest of Portugal that totals 750km and passes through some of the most beautiful places in the region. To be an easy program to do with the family, we suggest a walk in the nearest terrain, with a visit to the horses and small dynamics in the forest.

Just ask for more information in the reception, we can help you choose the best trails for your tour. Detailed Rota Vicentina maps are available from € 15.00.

As an addition, we suggest taking a snack or one of the Herdade da Matinha picnics (upon request).

**Available everyday - Advanced booking is necessary**

# HERDADE DA MATINHA

---

*"No man is an island, entire of itself;  
every man is a piece of the continent,  
a part of the main.  
If a clod be washed away by the sea,  
Europe is the less,  
as well as if a promontory were,  
as well as if a manor of thy friend's  
or of thine own were." ~ John Donne  
And here we are! Home again.*
